HYLIGHTS

Rickle Pickle

HYLANDALE ACADEMY
Rockland, Wi.

"Then we will no longer be like children, forever changing our minds about what we believe because someone has told us something different, or has cleverly lied to us and made the lie sound like the truth.

"Rather let our lives lovingly express truth in all things--speaking truly, dealing truly, living truly. Enfolded in love, let us grow up in every way and in all things into Him."

Harry McNeilus

We the students wish to dedicate this "Hylights" 1975 yearbook to Mr. Harry McNeilus, a christian man we feel is genuinely interested in our future and who cares about our future leadership and christian usefullness.

Mr. McNeilus, his wife, and family are helping so much to improve our Vocational Trades Program here at "Hylandale" making it possible for trade skills to be learned in conjunction with academic skills. Mr. McNeilus has unselfishly contributed financially and comes to visit us and offers encouragement and support. His kindness and enthusiasm helps to challenge us to be similar christian workers.

"Harry", as we know him, also is interested enough in our extracirricular activities to make his lodge in the northern Minnesota woods available, as a special treat, to all Seniors.

Thank-you Mr. McNeilus for your generosity and intrest in our school, we are happy to dedicate this annual to you.

P.S.
This rose
was from
good friend Phil
to me. Isn't
it pretty!

"If I had the gift of being able to speak in other languages without learning them, and could speak in every language there is in all heaven and earth, but didn't love others, I would be making noise.

"If I had the gift of prophecy and knew all about what is going to happen in the future, knew everything about everything, but didn't love others, what good would it do? Even if I had the gift of faith so that I could speak to a mountain and make it move, I would still be worth nothing at all without love.

"If I gave everything I have to poor people, and if I were burned alive for preaching the Gospel but didn't love others, it would be of no value whatever.

"Love is very patient and kind, never jealous or envious, never boastful or proud,

"Never haughty or selfish or rude. Love does not demand its own way. It Is not irritable or touchy. It does not hold grudges and will hardly even notice when others do it wrong.

"It is never glad about injustice, but rejoices whenever truth wins out.

"If you love someone you will be loyal to him no matter what the cost. You will always stand your ground in defending him.

"All the special gifts and powers from God will someday come to an end, but love goes on forever. Someday prophecy, and speaking in unknown languages, and special knowledge--the gifts will disappear.

"Now we know so little, even with our special gifts, and the preaching of those most gifted is still so poor.

"But when we have been made perfect and complete, then the need for these inadquate special gifts will come to an end, and they will disappear.

"It's like this: when I was a child I spoke and thought and reasoned as a child does. But when I became a man my thoughts grew far beyond those of my childhood, and now I have put away childish things.

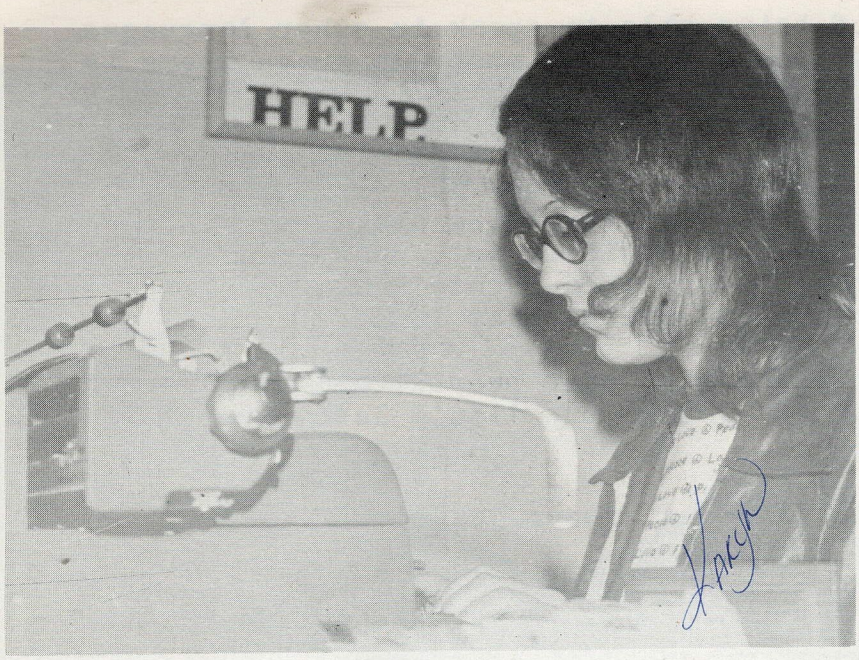

"In the same way, we can see and understand only a little about God now, as if we were peering at His reflection in a poor mirror; but someday we are going to see Him in His completeness, face to face, Now all that I know is hazy and blurred, but then I will see everything clearly, just as clearly as God sees into my heart right now."
