

1. Original log house on property 2. Log cabin 3. Original girl's dorm (first Hylandale building) 4. Boy's dormitory built around 1920 5. Jim Anderson with end view of boy's dorm 6. Boy's dorm later with addition and changed into Health Haven

Main Building (Built in late 20s burned in 1961)
Hylandale Academy; Seen From Snow + Ice Cave

Second girls dorm (built in thirties)
Boy's dormittory built in early forties
Hylandale Academy Farm

Health Haven

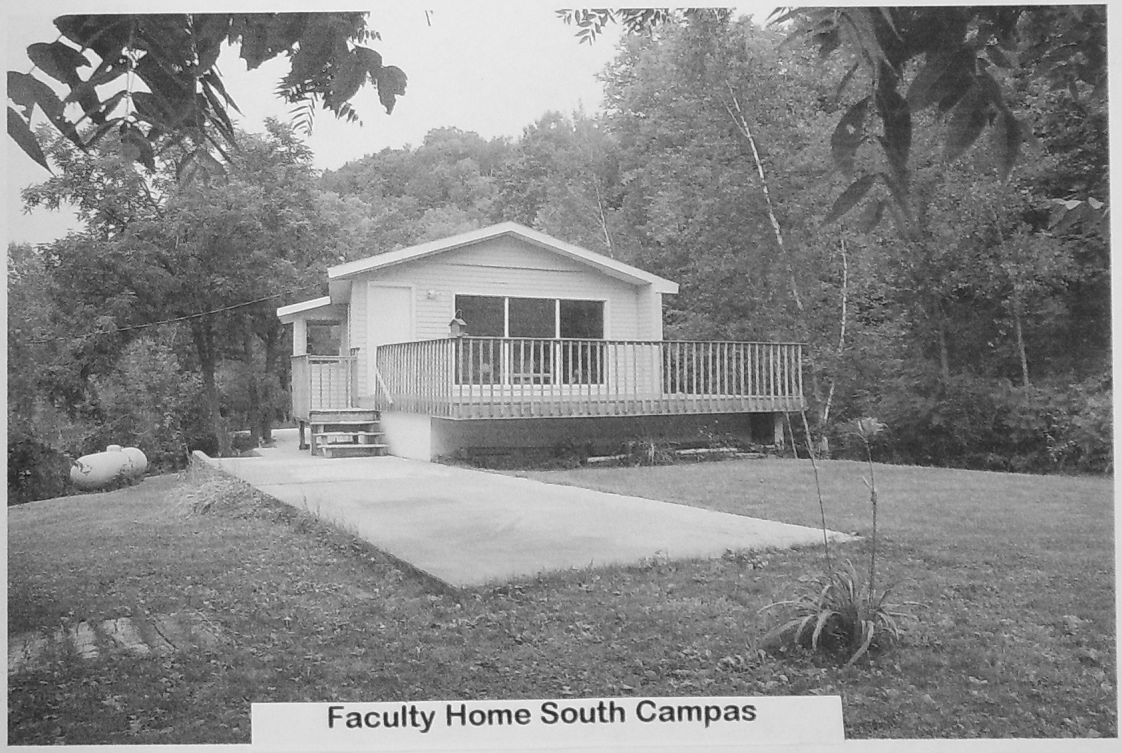

HEALTH HAVEN PARLOR — Simple, homey, restful. After a good night's sleep, perhaps induced by a careful neutral bath, followed by a tasty, nourishing breakfast, here is a good place to relax before or after your walk. If the weather is unsuitable, the large picture window gives you the feeling that you're out in nature anyway! Why not come and visit us for a week-end, just to see what it's like? But come prepared to stay longer, for you may find it hard to leave if you need a longer rest!
